	PORTABLE FIRE EXTINGUISHERS Supply and install fire extinguishers complete at a maximum handle height of 1200mm from finished floor level. Each fire extinguisher must be provided with a suitable sized Meranti backing board, complete with mounting bracket and suitable wall anchors as support as specified. Backing boards must be painted "Signal Red". 7.6 Refer to standard drawings					
7.6.1	9 kg DCP fire extinguishers complete with backboard mounted as required	Material/ Labour	No.	30		
7.6.2	2kg Carbon dioxide extinguishers in weather proof polycarbonate cabinet complete with backboard	Material/ Labour	No.	4		
7.6.3	Fire blanket mounted as required	Material/ Labour	No.	15		
7.7	STATUTORY FIRE SIGNAGE					
	Supply and install photo luminescent fire and evacuation signage as described below and as per the tender drawings:					
	All signed to be framed in the natural anodized aluminium frame with mitred corner and concealed elbow joints.					
	All wall mounted fire and evacuation signs to be fixed with concealed screws and no double sided tape will be permitted for the mounting of the signs. All suspended fire and evacuation signs to be hung from a steel cables or metal chains.					
	All signage to be a minimum 190mm size. All fire and evacuation signs to be SANS 1186-1, 1186-3 and 1186-5 approved, and also to bear the SANS stamp of approval.					
7.7.1	F13	Material/ Labour	no.	20		
7.7.2	F30	Material/ Labour	no.	30		
7.7.3	Others	Material/ Labour	sum	1		
7.8	HYDRANTS, VALVES ETC.					
	Install fire hydrants on permanently charged fire mains in position as indicated on project drawing. All fire hydrants must conform to SANS 1128 – Part I. Hydrant hose couplings, connectors and branch pipe and nozzle connections must conform to SANS 1128 – Part II. Provide all hydrants with purpose made vandal proof covers, caps or plugs complete with chains to secure to valves Hydrants valves must be cast iron, right angled, single lug tamper proof valves with non-protruding sheathed spindles suitable for tamper proof keys.					
7.8.1	65mm cast iron tamper proof pillar hydrant valve	Material/ Labour	No	16		
7.8.2	"Chubb" 03451 pair of gunmetal instantaneous steamer connections fitted with caps and short lengths of chain, including U-tube and pressure gauge	Material/ Labour	No	16		
7.8.3	Provide 1500m x 80mm galvanised piping riser	Material/ Labour	No	16		
7.8.4	Provide hydrants with 15MPa concrete anchors to each hydrant.	Material/ Labour	No	16		
7.8.5	Fire check valves ensuring one-way of water flow	Material/ Labour	No	8		
7.8.6	Fire stopping	Material/ Labour	sum	1		
7.8.7	Fire Detection(including LPG)	Material/ Labour	sum	1		
7.8.8	Fire Storage	Material/ Labour	sum	1
